

## Consumption – Fresh market –Export

Lipstick is a variety with red skin and red flesh. Very original, it can be used in consumption for the fresh market (niche markets) but also thanks to its good dry matter in industry (crisp, original french fries). It is appreciated by great chefs for use in mash, crisp, bacon-coloured french fries.

## General properties

Description and characteristics			
Crossing	Vitelotte Noir x BH 98-180	Tuber size	Average
Breeder	TPC	Calibration	Regular
